IEEE Austria Section News

New Chapter

The IEEE Intelligent Transportation Systems Society (ITSS) Austrian Chapter aims at advancing the theoretical, experimental, and operational aspects of Electrical Engineering and Information Technologies as applied to ITS. It fosters programs for the growth of ITSS-related activities, such as access to technical innovation, cutting-edge information and networking opportunities. Several activities include for example the organization of Distinguished Lecturer Series, Workshops and Conferences and the recognition of significant contributions in the field of ITS by the Chapter members.

WIE Activities

The IEEE Austria Section WIE was participating in International Summer Academy in Engineering for Women at the FH OÖ in Wels, where we had the pleasure to meet highly-motivated engineering students from 21 countries. During the academy's "Science Cafe"

we discussed their career plans and current projects and exchanged experiences as a female engineer.

IEEE Section Austria is supporting student activities

The IEEE Austria Section is supporting students in enhancing their career and setup innovative events together with their study colleagues by offering two award programmes specifically designed for them.

The **IEEE Austria Student Mobility and Conference Grant** support section student members to participate at conferences, workshops and other educational activities in the fields of IEEE and related. The goal is to assist applicants to advance their education, make international contacts and gain additional experience. **Deadlines for submissions are 1st of February, 1st of June and 1st of September** each year.

The **IEEE Austria Student Branch Award** encourages innovative new concepts applied by the Student Branches and activities or events creating positive impact for students. If students created some cool new events or did something special they can contact the [local student branch](#) or the [student branch coordinator](#) . They will be happy to integrate their efforts and apply in one of the categories of the Student Branch Award. **Deadline for submission is the 15th of September** .

Lectures and Presentations

Dr.-Ing. Raphael Deimel, team leader of the MTI-engAge group at TU Berlin, Germany

On the control of continuous, sequential and reactive behaviors for robot systems

Wednesday, 16. October 2019

Location: Lakeside Science & Technology Park, 9020 Klagenfurt, B13b, JOANNEUM RESEARCH - ROBOTICS, Lab

Conferences

Austrochip 27th Austrian Workshop on Microelectronics

Thursday, 24. October 2019

Location: FH Technikum Wien, Hoehstaedtplatz 6, 1200 Wien, Austria
Austrochip is an annual meeting and platform to present the latest activities in the field of microelectronics and integrated circuits in Austria and neighboring countries. The workshop is a forum for discussion and contact between academia and industry...

ICCVE 8th IEEE International Conference on Connected Vehicles and Expo

From Monday, 4. November 2019 To Friday, 8. November 2019

Location: Messe Congress, Graz, Austria

The ICCVE is the brand-new application-driven flagship conference of the IEEE Instrumentation and Measurement Society and is the world's premier conference in that field to bridge the automated vehicle gap.

EBC CSP 5th International Conference on Event-Based Control, Communication and Signal Processing

From Wednesday, 27. May 2020 To Friday, 29. May 2020

Location: Vienna, Austria

The aim of the EBC CSP is to bring together researchers and practitioners from the industry and academia and provide them with a platform to report on recent advances and developments in the event-based systems and architectures applied in wide spectrum of engineering disciplines including control, communication, and signal processing.
